THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI V. Thus there is no adverse impact on account of EXIM policy changes on the duty concessions announced in the Budget for the computer industry.

(c) The prices of PCs largely depend on their configuartion and market forces. Reduction in duty rates is only one among the several factors affecting the prices of computers. The general trend has been a reduction in prices of PCs; or for the same price, there is upgradation in terms of configuration.

(d) Does not arise in view of the replies to parts (a), (b) and (c) above.
